

Internship Program at the Stavros Niarchos Foundation Cultural Center (SNFCC)

On Wednesday, November 22 2017, a draw for type 1 and type 2, supervised by a notary public, took place for those meeting the eligibility criteria, for the 62 positions of Internship Program at the Stavros Niarchos Foundation Cultural Center SA (SNFCC SA).

The number of applicants drawn for each field was 5 times the number of available positions with the exception of the field of Graphic Design where there is only 1 available position for which 7 applicants were drawn. Consequently one hundred eighty seven (187) applicants have been drawn in total for all 8 educational fields.

Additionally, seventy five (75) runner-ups were drawn (2 runner-ups for each position) with the exception of the field of Graphic Design where there is only 1 available position for which 3 runner-ups.

You can find the names of the drawn applicants and runner-ups [here](#) and watch the video of the draw [here](#). Find the names of the selected applicants for Type 2 [here](#).

After the draw, a thorough second review of academic qualifications and all required documents took place. Personal interviews for the selection of the 32 candidates that will participate in the program followed.

Internship Program at the National Library of Greece (NLG), the Greek National Opera (GNO) and the Stavros Niarchos Foundation Cultural Center SA (SNFCC SA)

On Monday, October 30 2017, a draw for each academic field, supervised by a notary public, took place for those meeting the eligibility criteria, for the 32 positions of Internship Program at the National Library of Greece (NLG), the Greek National Opera (GNO) and the Stavros Niarchos Foundation Cultural Center SA (SNFCC SA).

More specifically, for each academic field, the number of candidates drawn equals five (5) times the number of the available positions, unless the position for the specific field is only one, in which case, seven (7) candidates were drawn. As a result, one hundred sixty eight (168) candidates from all academic fields have been drawn in total.

Moreover, sixty-eight (68) runner-ups have been drawn: two (2) drawn runner-ups per position, and in case the position for the specific field is only one, three (3) runner-ups.

You can find the names of the drawn applicants and runner-ups [here](#). The video of the draw can be found [here](#).

After the draw, a thorough second review of academic qualifications and all required documents will follow. Personal interviews for the selection of the 32 candidates that will participate in the program will follow.

Drawn applicants will be shortly notified regarding their first round of interviews via an e-mail linking to the online time slot reservation system for their interviews.
