A New Year at SNFCC

2017 was a watershed year for the Stavros Niarchos Foundation Cultural Center: It was the first year for SNFCC in full operation; it was the year when SNFCC was delivered to the Greek State, and to all of us; also, the year when the Greek National Opera and the National Library of Greece began transitioning to their new facilities.

Most importantly, it was the year when the vision of the Stavros Niarchos Foundation (SNF) and Renzo Piano, the architect of the Stavros Niarchos Foundation Cultural Center (SNFCC), became reality: An open, public space was created, a shared space for all, surpassing all expectations.

In 2017, we welcomed more than 3 million visitors; over 3,500 free cultural, educational, athletic, recreational, and environmental events were organized. Thanks to SNF's ongoing support, admission to all of these events was free for the public, open to all, without any barriers.

This is the vision we serve: A public SNFCC where everyone enjoys free access and everyone can actively shape and participate in a large number of activities and events.

In 2017, the Stavros Niarchos Foundation Cultural Center proved in practice what can be achieved through the collaboration of the private and public sectors, thus creating a horizon of hope and optimism.

In 2018, our wish and goal is to make it the year that we, along with all of you, can show SNFCC's full potential and unfold even more, and more comprehensive, facets of our activity.

Thank you all, from our heart, for embracing SNFCC with so much love, and also for your care in maintaining its excellence.

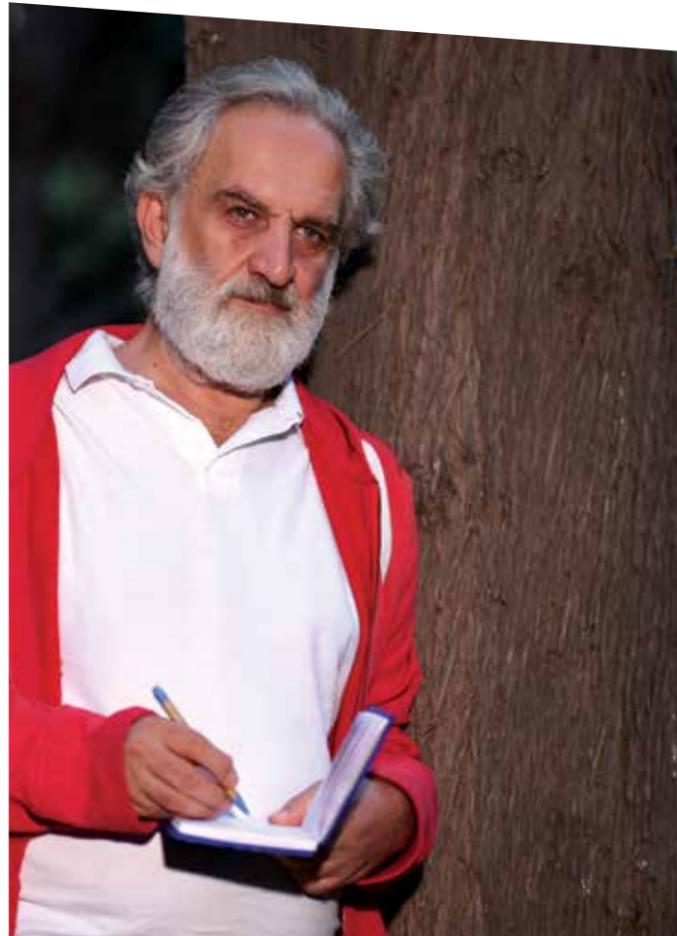

Have a wonderful year!

In January, the Ice Rink on the Canal is open daily from 10.00 to 22.00, subject to weather conditions. Admission is free but visitors are encouraged to preregister at snfcc.org/events.

Preregistration is available weekly: slots for the entire week open every Tuesday at noon.

Alexandros Papadiamantis

*The Heart of Winter,
Christmas, Santa Claus, Epiphany*

Performed by Dimitris Kataleifos

Sunday 07/01 | 17.00 → LIGHTHOUSE 14

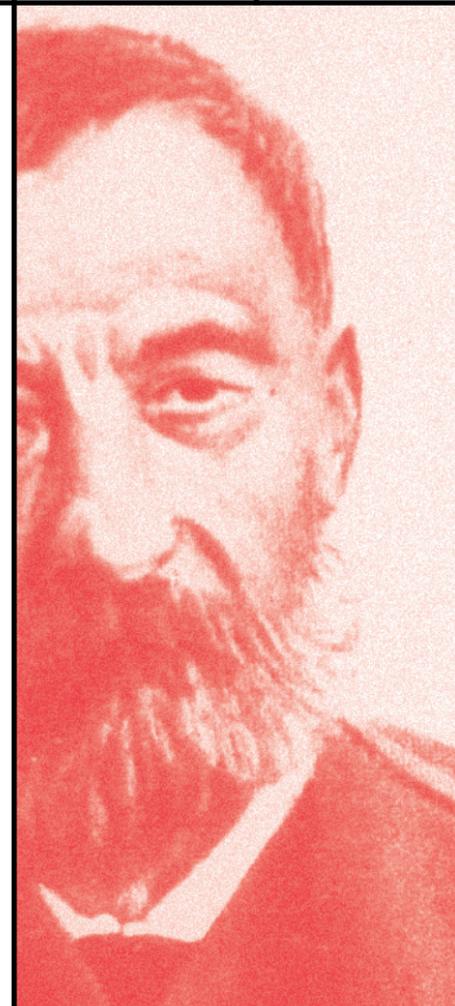

Parabases, SNFCC's readers theater series, presents a collection of holiday-inspired short stories by Alexandros Papadiamantis performed by Dimitris Kataleifos.

Directed by the theaterologist Efi Theodorou, **Dimitris Kataleifos** – one of the most iconic Greek actors – performs some of the most delightful stories by Alexandros Papadiamantis in the twilight. Accompanied with music by Taxiarchis Georgoulis on the oud and yayli tanbur, he will take us on a journey through the nostalgic stories by the author known as the saint of Greek literature – tales that have enchanted generations of readers.

Alexandros Papadiamantis has written a number of short stories set in Christmas, New Year, and Epiphany, reflecting the spirit of the festive season. They are almost all set on the author's native island, Skiathos, on which he drew inspiration to create a vibrant panorama of characters, landscapes, and customs, described in his unique idiom, a version of the purist language, enriched with folk elements.

Almost all of Papadiamantis' festive short stories were written for publication in newspapers and magazines, which is how the writer managed to sustain himself financially.

Late seating will only be offered at intermission, if available.

"We want our art to bring out the bigot from inside the liberal and conversely to bring out the liberal inside the bigot".

Gilbert & George, 2014

A talk with GILBERT & GEORGE

A panel discussion moderated by author Michael Bracewell

Wednesday 10/01 | 19.30 → LIGHTHOUSE 14

Gilbert & George, the iconic contemporary art duo, in an unconventional panel discussion at the Stavros Niarchos Foundation Cultural Center's Lighthouse moderated by Michael Bracewell.

Gilbert Proesch and George Passmore met while studying at Saint Martin's School of Art in 1967. Since then and for 40 years as living sculptures, they have created a unique, challenging, poetic, and emotionally charged primitive anti-art, in which order and madness are in constant tension. Their work teases and raises issues such as violence, racism, discrimination against minorities, alcoholism, and sexuality, not shying away from exploring the darkest corners of human nature, often using words and images considered provocative. The smooth interplay between the two artists in their performances, and their direct way of communicating, make for an art that is accessible to all. However, they are constantly looking for new ways of expressing themselves and seek to expose viewers to otherness, testing their reactions.

They are based in London, but their works are in museums and private collections all over the world (Chicago, Bilbao, Dublin, Istanbul, Stockholm, New York, Cologne, Los Angeles, Sydney, Amsterdam, and London).

British author Michael Bracewell's books (selection): *The Rise of David Bowie* 1972–1973 (with Mick Rock and Barney Hoskyns); *Bridget Riley: Paintings and Related Work*. In 1997, he met Gilbert & George, and since then he has devoted many of his writings to their work; in November 2017, his book *What Is Gilbert & George?* was released.

Simultaneous interpretation will be provided.

Special thanks to Marina Eliades and Jean Bernier for making this event possible.

Jazz Chronicles

A tribute to the contemporary Greek jazz scene, **Jazz Chronicles** is a series of concerts that reflects the diversity of this free musical language in Greece, proposing old and new sounds, funk and classic rhythms, orchestral and vocal ensembles.

Aggeliki Toubanaki: Sindeseis

Sunday 14/01 | 21.00 → LIGHHOUSE 14

SNFCC invites us to explore the musical trails of the multifaceted performing artist Aggeliki Toubanaki beyond boundaries and norms, originating in her love for free music expression and communication.

Together with soloists Vassilis Ketenozoglou on the guitar, Stathis Aninos on the piano, Apostolos Kaltsas on bass and Ilias Doumanis on drums, and the female vocal ensemble Terra Voce, they present their own, contemporary versions of landmark songs from Greek and world music of different periods.

Babis Papadopoulos Acoustic Set

Sunday 21/01 | 21.00 → LIGHHOUSE 14

Stavros Niarchos Foundation Cultural Center is hosting Babis Papadopoulos in one of his rare performances, with a string sextet set up for a special occasion at the Lighthouse.

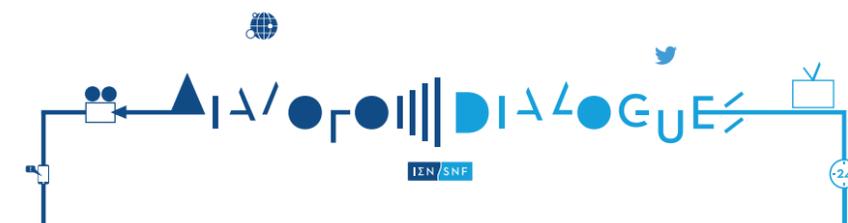

From his time as member of Trypes rock band to his most recent collaborations, with the likes of Thanasis Papakonstantinou, Sokratis Malamas and Heimerinoi Kolymvites, and even more so in his parallel solo career, Babis Papadopoulos has always proved to be an adventurous artist – a true explorer of the guitar, of sound, harmony and orchestration, he is never complacent nor does he rest on his laurels. The music that he writes for his album releases, as well as for films and theatrical performances – most recently *Sleep, Stella* by Yannis Economides at the National Theater – takes listeners to musical journeys in various moods and unexpected destinations.

This evening's musicians are the ones he collaborated with in recording his latest album, *Joy in Pain, Pain in Joy*; together, they are currently working on his fourth album release.

DIALOGUES

Thursday 18/01 | 17.30 → LIGHHOUSE 14
(By pre-registration at snfcc.org)

Why is the credibility of news being constantly challenged, why we keep choosing social media platforms as a news source and how can one avoid falling into the trap of fake news? Is the disregard for modern journalism worldwide a sign of modern times or does its roots go back?

In an era of overabundance of information and sources, the challenges and opportunities facing modern journalism in Greece and the rest of the world will be the topic of discussion among scientists and representatives of the field at the 3rd DIALOGUES event entitled: "Journalism in a time of Crisis and Crisis in Journalism."

Journalism experts will delve into the factors that hamper investigative journalism, namely the lack of resources, as well as past practices that have brought about an overall crisis in the media sector. In addition, the discussion will address the power of Internet, examining whether it can be a powerful tool for credible and independent journalism.

Journalists Sofia Papaioannou, Aris Chatzistefanou and Kostas Zafeiropoulos, will discuss whether investigative reporting still has its place in Greek media in relation to the past as well as to other countries. Associate Professor of the School of Journalism and Mass Communications of the Aristotle University of Thessaloniki, Nikos Panagiotou, will explain how contemporary trends in news consumption, given the omnipresence of the Internet, determine the future of the media. Valentinos Tzekas, student at the Department of Applied Informatics of the University of Macedonia will present an algorithm that attempts to assist with the detection of fake news, as well as with preventing them from spreading online. The discussion will be moderated by journalist Anna-Kyntia Bousdokuou.

The first SNF fellows at the Columbia Journalism School in New York who attended intensive courses in journalism this past summer will join us to share their experiences and thoughts on the future prospects of journalism. During the event the SNF Scholarship Program that runs for the second year will also be presented, offering the opportunity to journalists from Greece to participate in specialized training courses in video production, investigative and data journalism.

The 3rd DIALOGUES event will take place on Thursday, January 18th, at 17:30 PM, at the Lighthouse of the Stavros Niarchos Foundation Cultural Center.

DIALOGUES are open to the public. Participation is secured via electronic pre-registration, on a first-come-first-served basis.

The event will be livestreamed through the SNF website at www.SNF.org/live and will also be available on demand in both video and podcast format on the SNF's website.

El Sistema Greece and Sofi Jeannin (BBC Singers)

Class / open rehearsal – for all children, with or without music training

Sunday 28/01 | 12.00 → LIGHHOUSE 14

El Sistema Greece returns to the Stavros Niarchos Foundation Cultural Center, continuing its open events and inviting all children to sing together!

Founded in 1975 by José Antonio Abreu, El Sistema provides opportunities for social inclusion, creativity, and fun to all children regardless of background. In this orchestra, music is the link between children from different countries, social backgrounds, and experiences. Through music, El Sistema develops integration and cohesion, builds a shared identity, encourages cooperation, and fosters intercultural understanding.

Established in October 2016, El Sistema Greece is an official member of Sistema's European network. On 28 January, orchestra members are offering a class / open rehearsal at SNFCC, directed by Sofi Jeannin, director of Paris-based Radio France Choir and London-based BBC Singers; in addition, Ronnie Morales from the Simon Bolivar Orchestra contributes his own experiences to the class. The 8tetto vocal ensemble is also participating to the class, which focuses on choral singing.

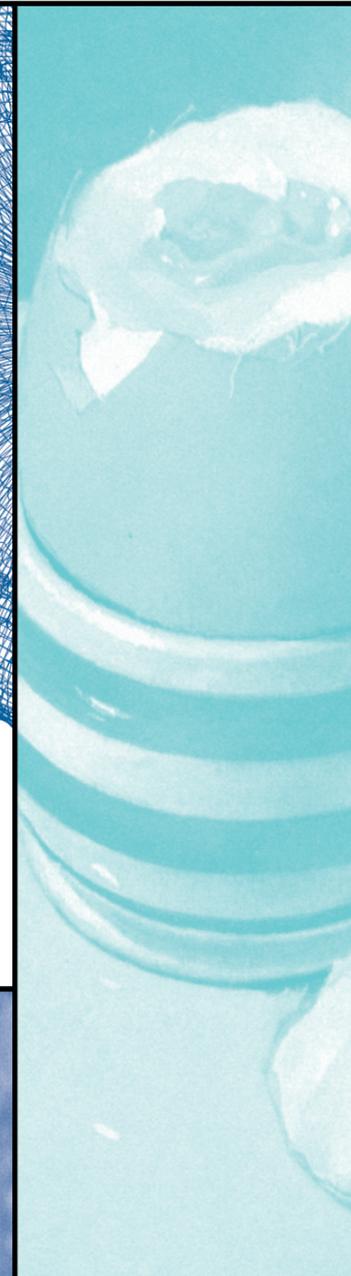

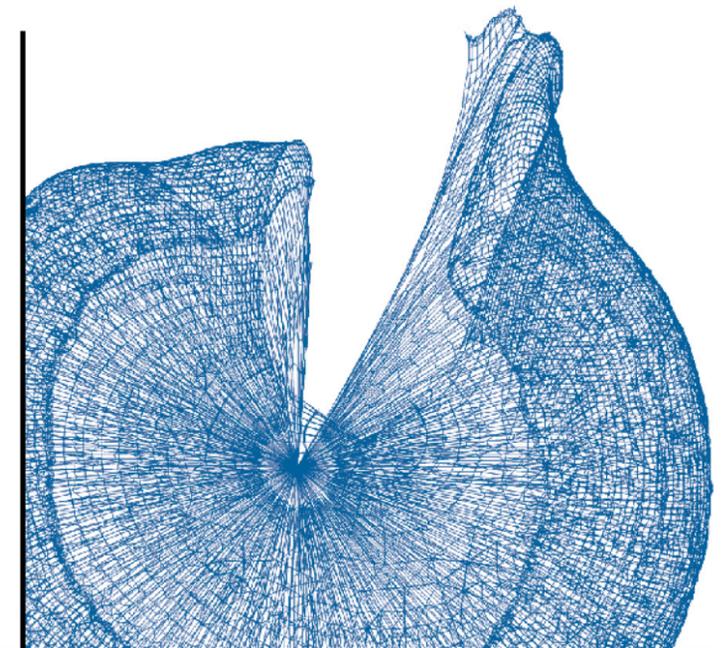

8tetto (octetto) is an acapella vocal ensemble consisting of eight singers whose repertoire extends from classical to contemporary Greek and international music. Part of the Athens music scene since December 2012, they have performed in many festivals in Greece and internationally.

All children are welcome to participate alongside the children of El Sistema Greece, to discover the joy of music and by extension that of coexisting and collaborating with others, however different.

Music Escapades

Music Escapades, presenting the latest trends in the Greek alternative scene, continue their journey at SNFCC, with two more concerts.

Sigmataf

Sunday 28/01 | 21.00 → LIGHHOUSE 14

Sigmataf presents music selections from his albums from 2010 to date at SNFCC. He is accompanied by his steady companions, Alekos Sorros on bass and MPC 5000, and Christos Melachroinos on synths and beats.

Starting out with Prohja hip hop group, he continued as a lyricist and performer with Babylon under the stage name Koraki, and since 2010 has been releasing his albums as Sigmataf. Releases: *Xipna. Ora gia ipno.* (2010), *Ti kani se ise na ? edo* (2012), *EP METAVASI - 3* (2017). In December 2017, he also released *METAVASI - 3/TAREMIX*, featuring Yosebu, Mani Deum, To Skia-grafima, John Le Bon, Lucas The Third, Tsabouras. He defines his music as Spoken Word.

Sigmataf's live concerts are full of rhythm, intensity, and engagement with the audience. While the stage is filled with electronic sounds, heavy basslines and strong beats, Sigmataf flirts with cynicism, sarcasm and humor through songs telling stories based on real life. The evocative lighting plays with the senses, while visual effects create an intimate and dreamy atmosphere.

18.30-19.30

NLG KIDS LAB 11

Young engineers

An educational program on simple machines, designed for pupils in Elementary School Grade 1-3. Sprouting engineers learn to experiment, using sprockets, pulleys, levers, wheels, and axles, and familiarize themselves with the operation of common, everyday mechanisms to solve a specific problem. Constructions are made using LEGO Education materials, as well as worksheets.

Friday 26/01 For children aged 12-15
18.30-19.30

NLG KIDS LAB 11

Discover physics

Physics, Applied Mathematics, and Engineering are the disciplines involved in the production of any technical construction. This workshop brings children into contact with all three fields at the same time, examining alternative energy sources, electromagnetism, mechanics, and transmission in an experiential way helping participants to fully grasp the theoretical background and apply it to everyday constructions and mechanisms.

**Mistake Labs:
Journey in Art History**

An opportunity for creative mistakes! Encounters with art, where mistakes are allowed, the eraser is gone, lines do not restrict, and imagination is the name of the game!

This month, we open a page on Romanticism as an art movement, exploring the work of the English landscape artist William Turner. Drawing inspiration from his atmospheric seascapes, we discover natural phenomena, producing seascapes using the watercolor technique.

Design-Implementation: Christina Tsinisizeli, Artist

NATURE

Sunday 14, 21, 28/01 For children aged 5-9
10.30-12.00
(up to 25 participants)

VEGETABLE GARDEN 20

The Park's little gardeners

January leaves its cold mark on everything. While nature, animals, insects, and birds are resting, the Park's little gardeners keep it up, taking care of the Vegetable Garden, exploring and discovering the Park.

Design-Implementation:
Stavroula Katsoyanni, Agronomist-Landscape Architect Msc
Stamatis Kavassilis, Agronomist-Soil Specialist

Sunday 14, 21, 28/01 For children aged 4+ with their parents
11.00-13.30
(up to 20 participants [children and parents] per 30 session, on a first come first served basis)

GREAT LAWN 1

A picnic with artists from all around the world

Our picnic in the world's museums continues in January. Guided by a tablecloth map and using wooden arrowheads as their compass, children explore the world to discover the most amazing contemporary art. The magic basket opens and helps us to make paintings and drawings inspired by Jean Michel Basquiat, Jeff Koons, Gabriel Orozco, Ai Weiwei, and many other contemporary artists.

The Playroom team will be waiting to welcome you at our meeting point at the Pine Grove on the Great Lawn. We'll be wearing purple aprons!

Design-Implementation: Playroom

Saturday 27/01 (up to 75 participants; workshops in a continuous stream)
11.30-14.30

NLG KIDS LAB 11

We create art all together:

Balance games
Workshops for children 7+, young people, and families, with or without disabilities

This month, we build wooden mobiles and experiment with the swing and oscillation of sculptural forms. Inspired by the sculptor Alexander Calder and Susumu Shingu's animated sculptures installed in SNFCC, and employing sophisticated techniques, such as origami, mobile, collage, and assemblage, participants use a variety of materials, colors, and textures to make imaginative moving sculptures that change forms!

Design-Implementation:

Starts at:
Week days 11.00
Saturdays 18.30
Sundays 12.00

**GNO STAVROS
NIARCHOS HALL 13**

One of the GNO Corps de Ballet's most successful productions, *The Nutcracker*, returns in a new children's version. Aided by fairytale-like sets and costumes designed by Christof Cremer from the Vienna State Opera, and Renato Zanella's light-hearted, dreamlike choreography, Tchaikovsky's ballet will be staged in morning and evening shows for schools and families.

Choreography: Renato Zanella
Set design-costumes: Christof Cremer

Saturday and Sunday performances feature the **GNO Orchestra**, conducted by **Giorgos Ziavras** and the **GNO Children's Chorus** conducted by **Konstantina Pitsiakou**. With the **Principal Dancers, Soloists, Demi-Soloists** and the **Corps de Ballet of the Greek National Opera**

Giacomo Puccini **Tosca**

26, 28, 31/01
& 04, 06, 09/02

Starts at:
20.00

**GNO STAVROS
NIARCHOS HALL 13**

The production directed by Nikos Petropoulos in 2007 following an invitation from the GNO's then artistic director, Stefanos Lazaridis, is back. Set in World War II Rome, the performance emphasizes violence and sadism, allowing the work's extremes of emotion to be expressed with even greater intensity. In Act II, the blackmailing of Tosca by the lustful officer Scarpia and the scene in which she murders him are almost thriller-like.

The production's black and white styling, and the impressive lighting give the show the feel of a feature film, and make particular reference to Italian neorealist works.

Dimitris Tiliakos will interpret the role of Scarpia and **Cellia Costea** the title role.

Conductor: Lukas Karytinis
Stage directions-sets-costumes: Nikos S. Petropoulos

Ballet for children

Kharálampos Goyós / Dimitris Dimopoulos / Alexandros Efklidis **Twilight of the Debts**

Reworked opera

07, 10, 12, 14, 17/01

Starts at:
20.30

GNO ALTERNATIVE
STAGE 13

A radical adaptation of **Richard Wagner's *Twilight of the Gods***, transcribed by Kharálampos Goyós, based on the libretto of Dimitris Dimopoulos and directed by Alexandros Efklidis, the *Twilight of the Debts* returns to the GNO Alternative Stage for just five performances!

The creators borrow elements from Wagner's legend and the fall of Valhalla, homeland of the gods, here substituted with the Holy Rock of the Acropolis and the original's motifs, Wagner's famous "leitmotifs" are replaced by widely known Greek musical themes.

Adaptation-conductor: Kharálampos Goyós
Libretto: Dimitris Dimopoulos
Concept-director: Alexandros Efklidis

Oper(O) Orpheus

Music Theater

25, 26, 27, 28/01
02, 03/02

Starts at:
20.30

GNO ALTERNATIVE
STAGE 13

New production / Coproduction with
Ομάδα Oper(O)

Oper(O), acknowledged for its contribution to the performing arts, testing the limits of music theater, opera and of site-specific performances, presents its first co-production with the GNO Alternative Stage with the work *Orpheus*.

The performance focuses more on Orpheus than on the episode in his myth that relates to love and Eurydice. It is an existentialist reading/interpretation of the myth, in which Orpheus equates with man, and, through the tools of music theater, it views Orpheus as a global, universal, stereotypical mortal.

Idea-concept: Oper(O)

Intercultural Choir

The GNO Alternative Stage's Intercultural Choir was founded in 2017 as part of the GNO's educational and social activities programme, to bring permanent and temporary residents of Athens (refugees, migrants and other foreigners) together. Its repertoire combines traditional song from the countries that members come from with pieces from the classical choral tradition and is a venue for creativity, expression and social networking among its members. Permanent members are actively involved in researching and selecting the repertoire for the choir and form a strong, ambitious core, to which new choir members can be added.

*This action is being implemented
with the support of the UNHCR.*

Dancing my own dance

Movement workshop aimed at individuals with motor-sensory disabilities and the non-disabled.

The aim of the workshop is to explore the relationship between the individual and physicality, and the boundaries of the two, while participants will also discover the satisfaction, joy and self-confidence that emerges from coming to terms with those boundaries. The method employed during the workshop is based on the energy and the freedom of the art of Spanish flamenco.

The Bulerinas dance group, responsible for running the workshop, has found that in this genre the free expression of emotions encounters the strict form of folk rhythms and the music of the Spanish south.

Getting to know opera and ballet The Nutcracker

Educational workshop that utilises GNO's ballet production **The Nutcracker** (Stavros Niarchos Hall) as a source of creative inspiration and starting point for exploration. For children aged 8-11.

A 2-day workshop for kids inspired by the production of the Nutcracker ballet, so that participants can explore the vocabulary of dance and theatre. The children will make up their own story, bring their toys to life and be taken on an exciting wondrous journey. At the end of the workshop, a brief presentation of the results will be provided for parents.

Designed/implemented by:
Katerina Gevetzi (dancer/educator),
Maro Petli, (theatrolgist/actor)

Want to know more about SNFCC? We offer daily guided tours of its award-winning building complex, home to the new premises of the Greek National Opera (GNO) and the National Library of Greece (NLG), designed by the Renzo Piano Building Workshop. Discover public areas and go backstage in the two buildings. We will visit the rehearsal spaces, the Stavros Niarchos Hall and the Greek National Opera's Alternative Stage, and stroll through the Library's Public Section, Reading Rooms and Vaults.

Guided tours of the Stavros Niarchos Park are also conducted daily. An example of state-of-the-art landscape architecture, the city's new Park is designed according to sustainability principles, with respect for the ecosystem and the challenges of an ever-changing environment. A welcoming, open space, whose vegetation and overall design capture the essence of the Mediterranean landscape, it is open for visits daily

• To find out more information, see the guided tours schedule and pre-register, please visit SNFCC.org/events.

• The guided tours follow a continuous walking route on the SNFCC premises, including the use of stairs and elevators.

• Please note that the Stavros Niarchos Park guided tours are subject to weather conditions

Smoking

Based on the requirements of the LEED certification program earned by SNFCC, smoking is prohibited in all SNFCC indoor areas and within 8 meters of any building opening. In all other SNFCC outdoor areas, smoking is not prohibited; visitors are asked to use the floor ashtrays available in the area. We encourage visitors to refrain from smoking while enjoying the Park.

Environmental Management

SNFCC earned the Platinum LEED certification as a green building – the highest distinction for environmental and sustainable buildings. LEED certification was developed by the U.S. Green Building Council as the most widely recognized international green building certification system and is regarded as the highest possible distinction for environmentally friendly, sustainable buildings. It certifies that a building has been designed and constructed following rigorous principles of sustainable construction and environmentally innovative practices that focus on water and energy efficiency, reduction of CO² emissions, indoor environment quality, the rational management of resources. SNFCC is the first cultural project of this scale to earn the LEED Platinum Certification in Europe.

SNFCC LOBBY 1B

Spyros Louis Cup

Conceived and designed by Michel Bréal for the champion of the first Marathon race – the Greek runner Spyros Louis – the Silver Cup was awarded at the first modern Olympic Games in Athens in 1896; today, it is on permanent display at the SNFCC.

This historic item was acquired by the Stavros Niarchos Foundation when it became available for sale by the runner's grandson at Christie's. As soon as the Cup was acquired, SNF committed to making it accessible to the public, keeping it permanently on display at the SNFCC. Until then, over 3.5 million visitors had already admired the Cup when it was displayed at the Acropolis Museum in Athens and at the Olympic Museum in Lausanne.

Support SNFCC's Vision

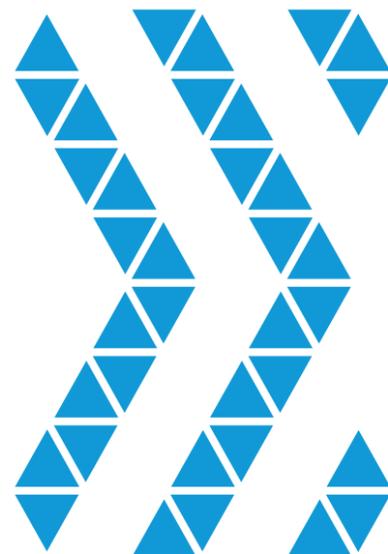

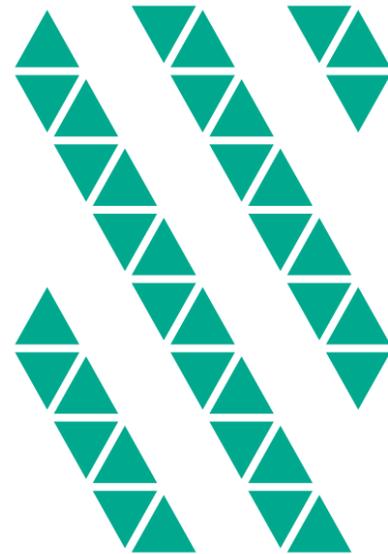

Arts and culture, sports, entertainment, all contribute to community building and improving quality of life. They can inspire our education system, strengthen our economy, and provide Greece with much-needed infrastructure. By supporting culture, we invest in the next generations of citizens, in a creative, open and innovative society. SNFCC and its constituent bodies wish to produce lasting stimuli and to invite the public to engage, think, create.

To this end, we bring together creators, artists, visionaries and public actors to help make their voices heard. We support new ways of thinking, encourage every person to discover new things and expand their horizons. We strive to make every visit a memorable experience, from a walk in Stavros Niarchos Park to attending an event.

I am an SNFCC Member, I belong to its family, I support its activities!

Stavros Niarchos Foundation Cultural Center Members support the National Library of Greece, the Greek National Opera and the Stavros Niarchos Park; they invest in arts, learning, the environment, sports, and technology, contributing to building a place where everyone is welcome. They support activities promoting accessibility, environmental sustainability, cultural production and social cohesion. Ultimately, our Members help to shape SNFCC's multifaceted profile and to enhance its future operation and sustainability.

If you wish to join as a Member, or give the gift of membership to your loved ones, you can find more information and choose your subscription online at snfcc.org/members, or in the Membership Program brochure; moreover, you can also call our exclusive Members Service Line on **216 8091010**, or send us an email to members@snfcc.org.
