E Did you know that the SNFCC is surrounded by a 2.5 km bike path, connected to the center of Athens?

D The green roofs on top of the buildings are covered with Mediterranean plants that grow on a special infrastructure. The mechanical growth substrate combined with the plants, provides shade in the summer and acts as a protective layer in the winter.

LET'S BEGIN!

01 LIGHTHOUSE

You are now at the highest point of the SNFCC – 32 meters above sea level. What song would you like to listen to, while looking down on the city? Find the panoramic map at the Receptions and discover our playlist!

02 SOUTHERN WALKS

You are standing on the Parking Building – the only part of the Park that does not follow a straight pattern. Explore the hidden paths as the sun sets and enjoy the unique view.

03 RUNNING TRACK & OUTDOOR GYM

At the Outdoor Gym you will find activities that range from barbells and weights, to table tennis. An ideal spot for any type of sport or relaxation after an intense day!

04 GREAT LAWN

The Great Lawn has hosted the largest summer events of the SNFCC. Concerts and film screenings fill the space on warm evenings. The impressive stage has hosted unique concerts, with artists such as Grandmaster Flash, Calypso Rose and Madeleine Peyroux.

05 VISITORS CENTER

The Canal spreads before you! Take advantage of the view by snapping a commemorative selfie. If you feel like exploring, you can rent bikes from the Visitors Center and cycle down to the sea through the Esplanade.

06 CANAL

The Canal, measuring 400m long and 30m wide, is fed with water from the sea. After being filtered, the water returns to the sea in a continuous flow. If you're lucky, an event that interests you might be taking place. Dance like no one is watching to the beat of the fountains! Discover their program at SNFCC.org.

07 CANAL STEPS

The ideal spot to enjoy the Dancing Fountains, and an unobstructed view of the buildings of the National Library of Greece and the Greek National Opera.

08 AGORA

The Agora is the main meeting point of the SNFCC, where the buildings interact just like you! Have fun with your friends, ride bicycles, skateboards & roller skates, while enjoying the music.

★ MAMAN, ESPLANADE

Louise Bourgeois's monumental sculpture *Maman* (1999) is presented at the Esplanade by NEON and the SNFCC, until November 2022. Standing at over 10 metres tall, the iconic stainless steel giant spider was the Tate Modern's first Turbine Hall commission in 1999, and was subsequently cast in six bronze replicas. As Bourgeois has stated, *Maman* symbolizes her mother, who wove and restored tapestries.
