## WOW Marketplace

10:00–22:00 AGORA

The Marketplace is located at the heart of the SNFCC, in the Agora, presenting an open, bustling market that showcases women and non-binary-led businesses, charities and activist organizations.

The WOW Athens Marketplace, is more than just a market: it creates a meeting point for thousands of visitors, set to the rhythm of DJ sets and pop-up concerts; it highlights the creativity and entrepreneurship of women and femininities, while, through participating NGOs, it brings to the forefront a wide range of current issues not only relevant to women, but to society in general.
