**OUR COFFEE BLEND**

For our balanced and fresh roasted espresso blend we use carefully selected varieties of Arabica 100% single origin from Honduras. The medium roast gives us the result of a perfectly balanced coffee with aromas of black tea, orange, cocoa and notes of molasses, with fruity acidity and a sweet aftertaste. For decaffeine we chose a balanced coffee with aromas of cocoa and dark chocolate, low acidity and a sweet aftertaste.

**OUR MILK**

The milk we use in our products comes from units applying exclusively organic farming methods.
